

# Sarah Jenkins

## Senior Frontend Developer

Email: sarah.jenkins@example.com | Phone: (555) 019-2834 | Location: San Francisco, CA | GitHub: sjenkins-dev

## Professional Summary

Dedicated Frontend Developer with over 6 years of experience specializing in constructing responsive, modern, and highly accessible user interfaces. Proven track record of spearheading state management overhauls using Redux and optimizing Webpack configurations for 30%+ speeds. Strong focus on design fidelity and search engine optimization guidelines.

## Skills & Expertise

React.js | JavaScript (ES6+) | TypeScript | Redux Toolkit | HTML5 & CSS3 | Tailwind CSS | Sass / SCSS | Web Accessibility (WCAG 2.1 AA) | RESTful APIs | Vite & Webpack | Jest | Git

## Work Experience

### Lead Frontend Architect

#### WebFlow Technologies Inc. | 2023 - Present

- Led a team of 4 frontend engineers to rebuild the enterprise dashboard, increasing page load speed by 35% using Vite and code splitting.
- Engineered a custom responsive design system in React aligned with modern Web Accessibility (a11y) standards, reaching 100% WCAG 2.1 AA compliance.
- Implemented global state optimization with Redux Toolkit, resolving asynchronous data race conditions.

### Senior UI Developer

#### PixelCraft Systems | 2020 - 2023

- Developed pixel-perfect user interface designs based on Figma templates for key client portals using HTML5, SCSS, and JavaScript.
- Established testing pipelines using Jest and React Testing Library, boosting code coverage from 45% to 88%.

## Education

### Bachelor of Science in Computer Science

University of California, Berkeley (2019)
